

## SENATE PASSES ARMY MEASURE

**Increases Military Forces Including Reserves, to Million Men.**

WASHINGTON, April 19.—An army reorganization bill that would produce regular army and reserve military forces in the United States aggregating a million men was passed in the senate Tuesday night with a record vote. It is a substitute for the Hay bill passed by the house and the differences will be worked out in conference.

On the eve of a joint session of the houses of congress to hear a message from the president on grave international issues the senate hastened completion of the bill amid scenes of excitement, repeatedly rejecting all amendments tending to reduce strengthening of the army.

In the closing hours of debate the senate made provision for a regular standing army with a peace strength of 250,000 men as compared with 140,000 in the Hay bill which passed the house, retained after a close fight the plan for a federal volunteer army reserve force calculated to aggregate 251,000 men, and federalized the national guard forces of the states at an estimated strength of 280,000 men.

**School Reserve Plan.**  
In addition to this combined regular and reserve force of 790,000 men, an amendment was passed to create a school and college youths' reserve corps in times of war or threatened war which would recruit a force of trained young men, schooled by officers of the regular army, the strength of which is estimated from 200,000 to 400,000.

**Here Are Other Provisions.**  
Other important provisions of the senate bill not in the house measure include the following:

Appropriation of \$15,000,000 for construction of government plants for production of nitrates to be used in manufacture of ammunition.

Provision for vocational education of enlisted men of the regular army, compelling instruction either in agriculture or the mechanical arts.

Creation of a national guard section in the general staff of the army, and requiring all officers and enlisted men of the national guard to subscribe to an oath to support the United States as well as their respective states.

Provision for federal pay of all national guard officers above the rank of captain.

Because of the radical differences it is expected that the house will at once ask for a conference and that work of perfecting the final form of a new army measure will begin within a few days. One feature of the senate bill that even its most ardent champions fear may be sacrificed in the legislative compromise is the volunteer army reserve force, but in that event they confidently expect that the school reserve will be retained as a substitute.

## THEATERS

### AT THE OLIVER.

The Oliver theater will give a series of pictures all next week starting Sunday with "Three Weeks," which will be shown for two days, followed by "The Salamander" on Tuesday and Wednesday, "The Avenging Conscience" on Thursday and Friday, and "The Escape" on Saturday and Sunday. Continuous performances will be given each day.

### AT THE AUDITORIUM.

Mme. Kalich, who is appearing at the Auditorium today in a wonderful six act drama, "Slander," has appeared in the spoken drama in seven languages, and one additional dialect, which in itself constitutes an eight tongue. This wonderful Galician woman, born in Lemberg, appeared when a mere slip of a girl in Bucharest and there, in the Romanian tongue, worked her way to the position of star. She has appeared as a star in plays in the Hungarian tongue; in Polish, Russian, Italian, German, English and in the Yiddish theater on the east side, New York, where she made her first American appearance.

A great and appealing woman is Kalich. She is a tall, strong-minded woman with features that cannot be forgotten, with a soft gentleness that for the moment causes surprise if you see her at rest or after you have seen her act in the theater. For, in action in the theater, Kalich is a woman of sense and dynamic personality, a woman with storm in her heart and soul and voice and with a grip in her emotional powers that holds audiences firmly.

"Freddie Aids Matrimony," a single reel comedy, and the Selig-Tribune of current events is also on the bill today.

"The Wall Between," a stirring five part play dealing with an interesting phase of our military system, and in which Francis X. Bushman and Beverly Bayne are seen in the stellar roles, is the attraction for tomorrow. There are said to be scores of big scenes in this picture, including a realistic battle in which many persons appear.

### AT THE LASALLE.

The LaSalle offers today a well-known dramatic star of the legitimate stage in Constance Collier, a handsome and noted English actress who has appeared in this city several times in dramatic productions. The title of her screen play is "The Code of Marcia Gray" and the story deals with English characters. The easy-going husband embezzles a large sum of money in order to please his extravagant wife. She is the type of a woman for which this thing is occasionally done and when she discovers the trouble that has been caused she remains loyal to her husband. Miss Collier has been described as a gracious queen and as Marcia Gray will be found entirely satisfactory by all of her admirers. On the same program will be seen a selected educational reel.

### AT THE ORPHEUM.

Final performances will be given today of the delightful musical comedy tabloid entitled "The Six Little Wives." The freshness of the production, the delightful songs of the principal, the pleasing comedy of the star and the excellent work of the leading characters, makes one of the most pronounced hits of the season.

On Thursday will be seen a new

vaudeville bill featuring the Westman family, six players in all, who present an original domestic comedy entitled "The Troubles of Joy." There are many merry mishaps and laughable complications presented at record breaking speed by these well-known farceurs. On the same program will be seen the Bison City four, an original quartet; Billy Fogarty and Ethel Kirk, clever Chicago cabaret entertainers; Standard brothers, athletic artists, and the Davis Castle trio in a musical offering will complete the program.

### AT THE COLONIAL.

Barry Dale in "A Yellow Streak" at the Colonial today, a Wall street broker, is financially ruined by his faithless wife and her companion, Richard Marvin, another broker, who has posed as Dale's best friend. When Dale surprises the couple in his apartment, they laugh at him, and Marvin, the stronger of the two men, literally throws Dale out of his own home. He hands him a pistol, and tells him the whole affair can best be settled to everyone's satisfaction if Dale will kill himself. Dale walks aimlessly through the streets with this end in view.

Barry wanders to a railroad station and buys a ticket as far west as his money will carry him. Disguised as an outlaw, Barry holds up a coach that Mary Austin and her father are riding in. Struck by the girl's beauty, and her plea not to rob them, Barry grants her request, on condition that she give him a kiss.

Barry later returns to New York and seeks out Marvin and his wife. He throws Marvin into the street and returns the revolver to him with the same advice he received a year before. Back west Mary waits for his return, standing every night on the little bridge that spans a mountain stream. She is about to despair of his return when she hears the same voice she heard one fateful night on the Brooklyn bridge. She turns and sees the same silhouette and for the first time both know they met that night in New York.

### DECLARE WAITE IS SANE

Alienists However, Believe Confessed Slayer Abnormal.

NEW YORK, April 19.—Alienists who spent more than an hour Tuesday examining Dr. Arthur Warren Waite, confessed slayer of his father-in-law, John E. Peck, a wealthy drug manufacturer of Grand Rapids, Mich., reported to Dist. Atty. Swann Tuesday night that in their opinion Waite is sane, but somewhat abnormal. While being returned to the Tombs from the district attorney's office, Waite is alleged to have declared to detectives that he was anxious to pay the penalty for his crime and "have it over with as soon as possible."

### BUILD MORE TRACK

International News Service: INDIANAPOLIS, April 19.—The Indianapolis and Frankfort Railroad Co., with offices in Richmond, Tuesday notified the secretary of state that the road found it necessary to construct an additional track from a point near Ben Davis to Mooresville, where it will connect with the Vandalla, making it possible to ship northbound freight through Lebanon to Chicago and avoid shipments around the belt road.

### TAFT'S SON ON STAND

International News Service: INDIANAPOLIS, April 19.—Robert Taft, son of ex-President Taft, appeared before the state board of tax commissioners to represent the Adams Express Co., and during the hearing of his testimony gave figures to show that a reign of prosperity is being experienced by large corporations. From a loss of a million dol-

lars in 1914, the company earned two and a half millions last year, he said.

DR. W. M. LAWSON, Consulting Physician, 30 years experience. I see and treat you personally each time you call.

Reasons Why All Weak, Worn-out, Discouraged and Diseased Men Should Consult

DR. FLEENER CO., longest established, most successful and reliable specialists in PELVIC, RECTAL AND NERVOUS DISEASES OF MEN, as medical diplomas, licenses and records will show. Your whole future may depend upon the kind and quality of treatment you get first.

## Chronic Diseases of Men

No Matter How Obstinate or How

Contracted, CURED

Modern methods of treatment for all Pelvic Diseases. We never use the surgeon's knife, if it can be avoided, and only then upon the express wish of the patient. Enlargement of the Prostate Gland we cure by reducing it, not by removing it. We cure Piles and other Rectal Diseases without surgery. Under our superior treatment, Varicocele quickly vanishes; the stagnant blood is absorbed and the circulation is restored to the parts affected. We have extraordinary success in curing Rupture by reliable and painless methods, without recourse to trusses. Diseases of the Kidneys and Bladder are speedily healed, and the patient saved from fatal results which generally follow neglected cases of long standing. Don't delay making treatment for Chronic Pelvic Diseases; the sooner we begin to cure the sooner we will restore you to health, vigor and vitality. Nervous troubles often have their seat in local causes, which we can ascertain and remove. The gloom and despondency which attend those who are fearful that they never can be cured of their ailments will immediately vanish as soon as our treatment begins to take effect.

We positively cure Rupture, Varicocele, Piles, Fistula, Fleasiness, Rectal Ulcers, Prostate Enlargements, Contracted Diseases, Lost Vitality, Stricture, Diseases of the Bladder, Kidneys, Liver, Stomach, and all Vital Diseases of Men by our Painless and Bloodless Methods.

Oldest, longest established and reliable men's office, for men only, in the city, as newspaper records show.

We will accept any case of Rupture, Piles, Varicocele or Hydrocele and permit you to deposit a draft in the First National Bank, or your Bank, made payable to yourself and instructing them to place same to our account after you have been cured. We are the only reputable physicians in this line of work who will take such cases on a guarantee. By doing this, you are absolutely certain of a cure. You have nothing to lose and everything to gain, and if we were not perfectly sure of our work we could not do business this way very long, but instead, have been doing so for years. We have adopted this plan because so many have been swindled by quacks and fakers; not one of them will permit a patient to deposit his money until a cure has been effected.

Many patients have told us that at first they hesitate to begin treatment with us, fearing that on account of our great reputation the fee would be more than they could afford to pay. Our fees are always moderate, wholly within your means, and at no time more than you are willing to pay. DON'T let money matters keep you from beginning treatment. If you will call and see us we have a system by which you can begin treatment and pay as you can.
